# What is Writing on the Wall?

---

Writing on the Wall is a simple way to publish student work. At 826 New Orleans, we think of publishing as preparing your writing for an audience. That means making it look nice and easy to read. Every Friday in May students will write something on a piece of large chart paper, and display it somewhere other people in their community can enjoy it (front door, gate, etc.) We're gathering images of the writing and hope to put them in a book when we can all be together again.

## *Author Bios*

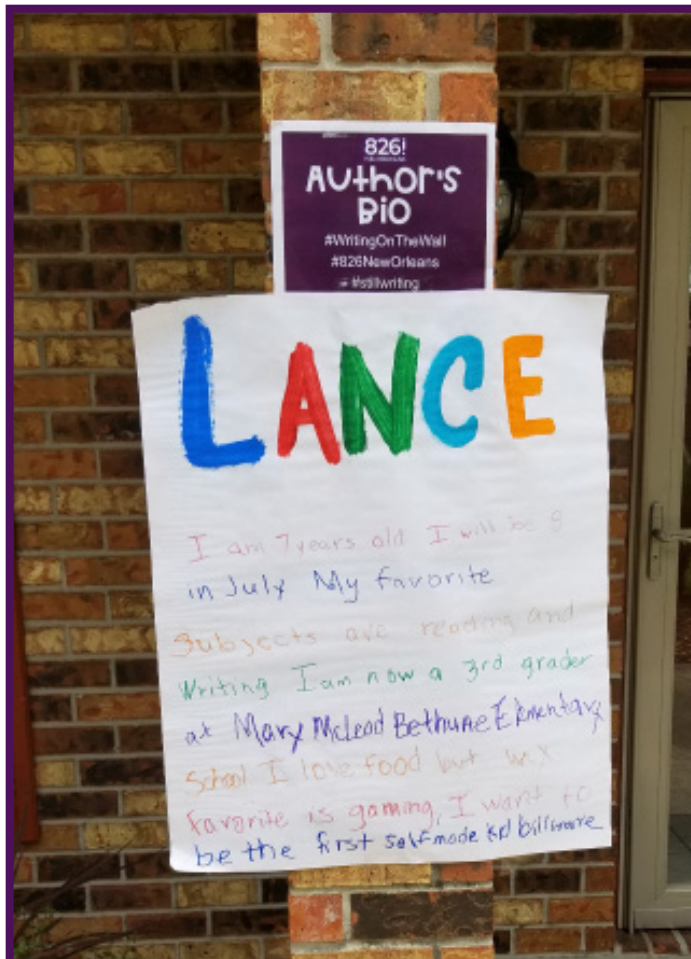

An author's bio is a chance for you to share a little bit about yourself with your readers. What do you want us to know about you? You can share where you're from, hobbies, likes and dislikes, whatever!

# Thank You Volunteers!

---

This project would not be possible without the generosity and help of the following volunteers, who delivered packets to students from Marrero to Pearl River and everywhere in between.

We also want to thank **Jonathan Traviesa** who drove throughout the city on Friday to capture students' writing on the wall.

826 New Orleans's mission is to cultivate and support the voices of young writers ages 6-18 through creative collaborations with schools and communities.
